

# LCCR POLICIES & GOVERNMENT PROGRAMMES IN MADHYA PRADESH

# Existing Policy Context

There is a growing understanding on the importance of adopting LCCR strategies.

## National Action plan on Climate Change (NAPCC)

The NAPCC charts the development course of the country in an ecologically sustainable manner.

**Eight missions** outline the strategies for achieving climate change adaptation and mitigation goals for the country.  
**Sustainable Habitats have been identified as key thrust area for these missions.**

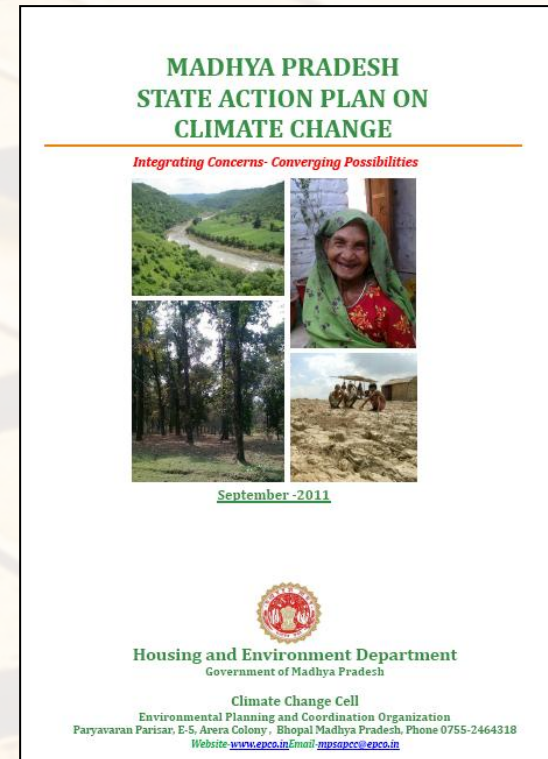

## 12<sup>th</sup> Five Year plan

Promotes inclusive growth, for faster sustainable growth

# Existing Policy Context

**Madhya Pradesh was one of the first state to develop their State Climate Change Action Plan (CAP).**

- Leading the state towards a carbon conscious, climate resilient development path.
- Institutional capacity building across various sectors.
- Green Governance favouring Low Carbon Societies
- Increasing energy and water efficiency
- Conserving and replenishing the forest cover and regulating mining activities.
- Stress on rainwater harvesting structure with proper drainage and solid waste management.

**The emphasis is on having climate change resilient cities and rural areas strategy including sectoral GHG inventorization.**

# Madhya Pradesh Initiatives

**Environmental Planning and Coordination Organization (EPCO):** State Nodal Agency for addressing Climate Change issues.

- Established a Climate Change Cell (CCC):
- Facilitate management of long term climate risks and uncertainties
- Build capacities of state officials to mainstream these issues in activities and plans

**EPCO in association with Development Alternatives, has carried out a vulnerability assessment in Madhya Pradesh:**

To study and understand climate change vulnerability and adaptation and therefore, how relevant resilience building and adaptation measures can be effectively incorporated within the existing development processes.

# Madhya Pradesh Initiatives

## KNOWLEDGE DISSEMINATION & COMMUNICATION

The **Housing and Environment Department** supported by **UNDP** is working towards strengthening the CCC into a **State Climate Change Knowledge Management Centre (SCCKMC)**.

In association with **Technology and Action for Rural Advancement (TARA)**, **The Institute of Development Studies (IDS)** and **Kings College London**, has undertaken an initiative to strengthen the understanding of emerging climate science and research among communities and communicators.

- **Strengthen community knowledge and voice on climate change impacts and adaptation**
- **Increasing their input into local research and policy dialogue**
- **Enable communities to share their experiences in coping with and adapting to climate change.**

# Madhya Pradesh Initiatives

## **Ministry of Environment and Forests, GoI, and GIZ:**

Working together to develop an understanding towards the interventions required to improve the livelihood and adaptive capacities of vulnerable rural communities and formulate strategies for climate change adaptations favouring sustainable development in the rural sector.

# LCCR Construction

## MP-CHIEF MINISTER RURAL HOUSING MISSION

**Envisages fulfilling the large housing gap in the state through quality affordable and eco-friendly building solutions**

- Conducted mason trainings in eco-friendly construction techniques in all MP districts.
- Demonstration buildings have been constructed to showcase these techniques and enable other house owners to adopt them.

# LCCR Construction

## PROMOTION OF ALTERNATE BUILDING TECHNOLOGY

The **Additional Chief Secretary, GoMP** has reiterated at various fora the need for alternate building technologies to mitigate the housing shortage across the state, but also lead to reduction in carbon emissions.

- **Development Alternatives** has been instrumental in designing training mechanism and is supporting the Madhya Pradesh Government in developing the state level Schedule of Rates (SOR) incorporating alternate building technologies.

Thank you
